Social Media Policy

1. Introduction

Social media is the term for online tools, websites and interactive media that enable users to interact with each other by sharing information, opinions, knowledge and interests.

For the purposes of this Policy, the term “social media” covers sites and applications including but not restricted to Facebook, X, LinkedIn, blogs, and any similar sites which develop after the creation of this policy. It also includes comments in relation to online newspaper articles.

2. Purpose

The widespread availability and use of social media networking applications bring opportunities to communicate and engage with members of the community in new ways. This Policy relates to Councillor use of social media, whether inside or outside of official capacities.

The Town Clerk is responsible for any social media sites set up for the Council as a corporate body. It is recommended that in the case of Facebook and similar sites, Councillors wishing to keep their personal life and official capacities separate should create separate accounts.

It is important that the Council utilises these technologies effectively whilst being fully aware of its legal responsibilities and ensuring the reputation of the Council is not adversely affected.
